

Frequently Asked Questions (FAQ)

Chubb Life+LTC

1. What is Life+LTC Insurance?

You could need Long-Term Care (LTC) because of an accident, illness, cognitive impairment or simply due to aging.

This plan is designed to help you and your family plan for the high cost of Long-Term care and combines the benefit of life insurance. You WILL receive a benefit, either for LTC, Life Insurance, or both.

2. How does the plan benefit work?

Choose a life insurance benefit and you will receive a monthly LTC Benefit of 4% of the life insurance benefit in the event you are approved for an LTC claim.

3. Does the plan's benefit decrease?

After 25 years or age 70, whichever is greater, the death benefit is guaranteed to never be less than 50% of the initial death benefit

After age 99 for non-tobacco users and after age 95 for tobacco users the death benefit will be approximately 80 percent of the initial death benefit.

4. Are there limitations and exclusions?

None

5. What happens if I never need LTC and don't use the LTC benefit?

Your beneficiary will receive the death benefit upon your death.

6. When does the plan benefit end?

You pay premiums until age 100 and you must use the LTC benefit or death benefit by your 121st birthday. If you don't use it by your 121st birthday, then your plan benefits expire.

7. Does my premium increase as I get older?

Premiums are based on the age at which you apply for coverage. They do not increase each year as you get older. Insurance companies do reserve the right to increase rates.

8. What if I stop paying the premiums?

If you have some cash build up in your policy, then you can use that to continue to pay your premiums. Once that is exhausted your policy lapses and you have no plan benefit. If you don't have cash build up and stop paying premiums, then your plan benefit lapses, and you have no plan benefit.

9. How do I trigger the plan LTC benefit?

When you need assistance and are certified by a physician as needing assistance with 2 out of 6 Activities of Daily Living (ADL's) or you are diagnosed with cognitive impairment after the first 90 days. The ADL's are bathing, eating, transferring, toileting, continence and dressing.

10. Can my spouse apply for coverage?

Yes – eligible spouses can apply for coverage

The employee must apply for the spouse to be eligible

Spouse coverage cannot exceed employee coverage

11. Does my spouse have to submit their own application?

Yes, first the employee must list the spouse as a dependent on their application on the enrollment website. Once the spouse is added as a dependent, coverage can be selected, and an application completed
