\*\*Coverage for spouse and child(ren) may be limited to a percentage of the employee's face amount in some states. \*\*\*This is a flexible premium adjustable life insurance product with non-guaranteed elements. Premiums may need to be increased to maintain coverage to maturity (age 95). \*\*\*\*Partial withdrawals, surrenders, non-qualified additional benefit rider charges and loans from life insurance policies may be subject to ordinary income taxes and possibly an additional 10% federal tax penalty. # Meet Jordan

Jordan is like any parent who has emotional and financial responsibilities. He's worried about how his family will make ends meet if he dies unexpectedly. Most importantly, he worries about leaving them with a large debt.

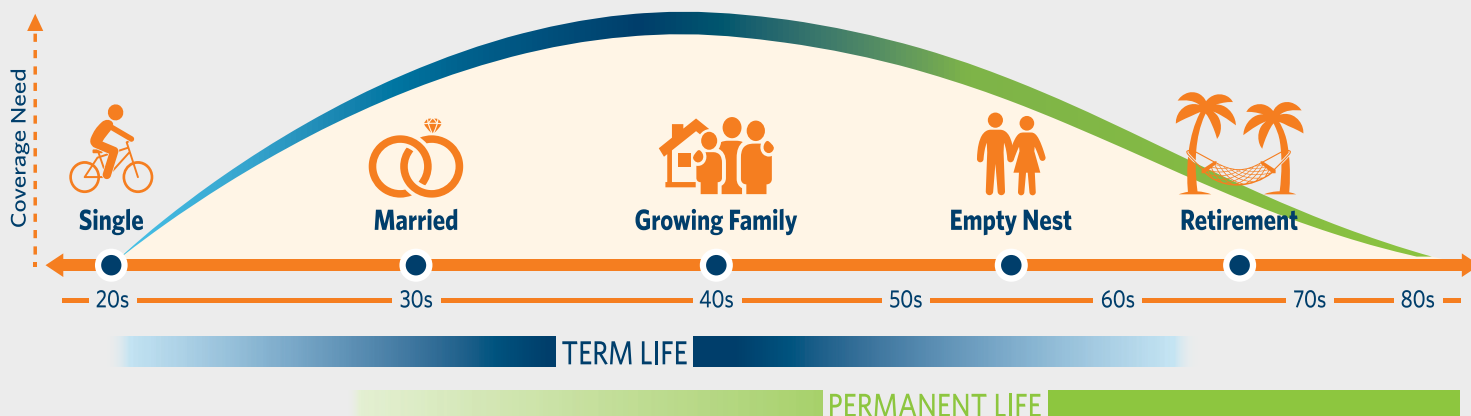

Here is what weighs heavily on his mind:

- The cost of funerals often leaves a financial commitment behind for surviving loved ones
- Money may be needed for his family's day-to-day living expenses, such as food, gas and electricity
- He still owes a substantial amount on his mortgage before it is paid off
- His children will need income for child care and educational expenses as they get older

## Coverage for all stages of life

As people move through the stages of life, certain factors dictate the type of life insurance they need. During working years, an employer may provide Term Life insurance, but the wraparound coverage of our Group Universal Life product can help give peace of mind because the money you spent builds cash value that you can use later in life or add to the term benefit payout. The graph below illustrates the need for term and permanent life insurance throughout the various stages of life.

The examples above detail fictional thought processes and needs; your individual needs and reasons for coverage may vary.

## Using your cash benefits

Cash benefits provide you with options, because you or your beneficiary get to decide how to use them.

### Finances

Cash benefits can help protect your HSAs, savings, retirement plans and 401ks from being depleted

### Travel

Your coverage will provide cash benefits to your beneficiary which can be used to help with travel related funeral expenses

### Home

Your beneficiary can use the cash benefits to help pay the mortgage, continue rental payments, or perform needed home repairs

### Expenses

The lump-sum cash benefit can be used to help pay for living expenses such as bills, electricity and gas

## Prepare for the future today

Losing a loved one can be devastating. Final expenses and daily bills only add to your worries. Our Universal Life Insurance coverage may be used to:

- Pay off a mortgage or debts
- Provide for child care or educational expenses
- Replace income to continue the same standard of living

One way you can determine if you and your family need the coverage is to review the list below and check some or all that apply to you and your family.

- ☐ You're the primary wage earner in your family
- ☐ Your family would have trouble living comfortably without your income
- ☐ You have regular debts, like mortgage, car payment or credit cards
- ☐ You have children under 18
- ☐ You want flexible coverage that can change with your needs
- ☐ You'd like to plan to supplement your retirement income in later years

## Here's how Universal Life works

Premium payments are added to the fund value. Each month, expenses and cost of insurance charges are deducted from the fund value and any excess in the fund continues to earn interest at a rate of at least 3% per year. Interest is not taxed as income until it is withdrawn.

### Fund value and premium payments

As you continue to pay your premium, your fund value may grow over time. Monthly premiums are flexible, meaning you can choose to pay as much or as little as you can afford, subject to policy minimums and maximums. Premiums may need to be increased to maintain coverage to maturity (age 95).
